

## About SMIS

The **Sericulture Management Information System (SMIS)** is a web-based application through which CSB and State level users (Sericulture Departments) can fill/submit their Quarterly and Annual Production Returns online.

What SMIS enables:

- ✓ Data Retrieval Online
- ✓ Access of Error Free and Data Accuracy
- ✓ Report/Information in Secured format (\*.PDF format)
- ✓ Involves WORKFLOW, MESSAGING, DATA MINING etc., at all the levels
- ✓ Ready Access to Current Status of Sericultural Activities of the States
